Seat Height w/frame	5in/13cm
Seat Height w/cushion	15.5in/39cm
Arm Height	22.5in/57cm

### DESCRIPTION

Available through custom order only. Custom lead times of 28-30 weeks apply. The swing features soft, tailored upholstery with a distinctive teak base reminiscent of a ship's hull. The arms of the swing are rotatable by easily lifting and turning 90 degrees to form a tête-à-tête seating arrangement. The black rope is made from Perennials fiber and features the same durability and cleanability that Perennials is known for. The static load capacity for the swing is 4,000 kgs or 8,818 lbs based on the breaking load of the ropes.
